OUTLINE OF SIGNIFICANT EXERCISE

1. Name

Exercise CLEAR LAKE

2. Type

Special Joint Training Exercise.

3. Aims

The following are objectives:

- a. Examination of current joint doctrines and techniques relating to air/ground support.
- b. Provide an opportunity within safety regulations for participating forces to utilize live ordnance.
- c. Examination of joint doctrines and techniques regarding combat zone reconnaissance and surveillance methods.
- d. Examination of the current joint procedures relating to airborne operations.
- e. Provide the most realistic training possible for the personnel of both Army and Air Force units during the exercise.

4. Brief Outline

Ground forces will strategically deploy from home stations to simulated overseas staging bases by MATS aircraft. Tactical aircraft of AFSTRIKE will deploy to simulated overseas staging bases and conduct fighter and reconnaissance operations. AFSTRIKE troop carrier aircraft will be used to conduct an airborne/airlanded assault in the objective area. Fighter aircraft will deploy into the established airhead from their staging bases, as the exercise develops. Live ordnance will be used by both Army and Air Force units. Redeployment of ground forces from this objective area to home stations will be accomplished by MATS aircraft. AFSTRIKE elements will redeploy from the simulated overseas area to CONUS by troop carrier aircraft assigned to AFSTRIKE.
